Kent and Medway ICS, HCP and PCN Overview

The rates and RAG ratings displayed in this grid represent the average for each PCN. Please also consider the variation within the PCN to identify important local differences.
Colour shading refers to statistical comparison with England (green = better, red = worse, amber = similar, aqua = lower, magenta = higher).
Value types in square brackets. ISR: Indirectly Standardised Ratio; DSR: Directly Standardised Rate; CR: Crude Rate; SAR: Standardised Admission Ratio.
